

Cabinets & Enclosures

19" Standard Cabinets & Accessories

Features

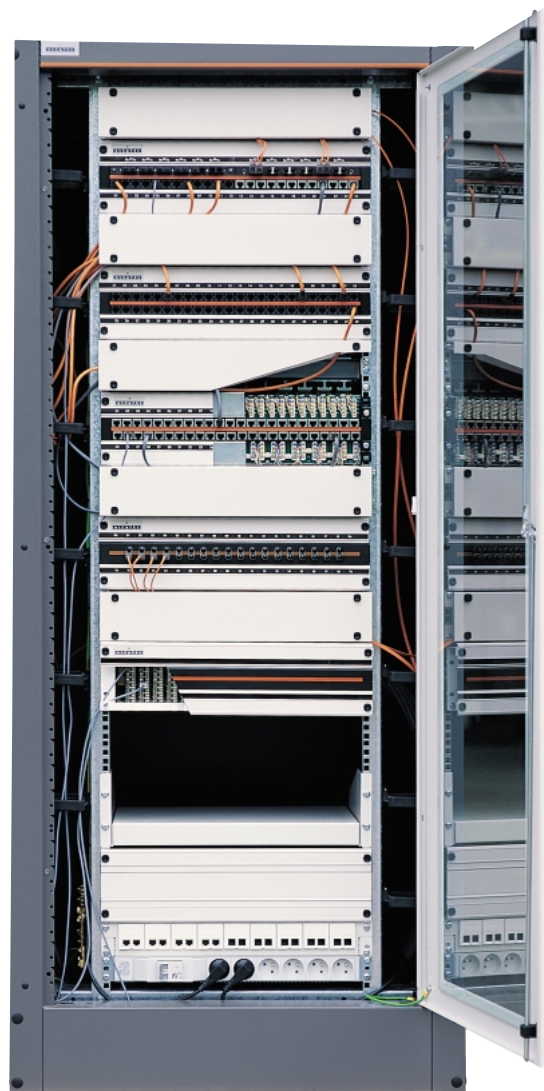

These attractively styled cabinets are the basis for housing all Nexans Cabling Solutions components.

The cabinets come fully equipped with internal frames for patch panels, active equipment, connection modules and to organise the cable and patch cord layout.

Homogeneous and organised look thanks to the common design and colour scheme of the Nexans Cabling Solutions components.

Can be equipped with fixed internal frames or with swing frames.

Different heights are available to suit requirements and space availability.
